SAMUEL NIKOLAS NAIBAHO

PROGRAMMER

As an experienced programmer, I have the ability to solve problems, create and develop high quality websites and applications. I have good communication skills and am able to work together with a team in completing projects. I have also mastered programming languages such as HTML, CSS, JavaScript, C++, C and Java.

EXPERIENCE

2024-2027
Join learning from seniors on campus called CODIFY. Deepen coding skills, expand relationships and be able to create a personal website using HTML, CSS and JavaScript.

2026-2028
Become the head of the HMPS organization on campus. Helping juniors to improve their coding skills through the CODIFY program. I can implement best practices in coding, version control, and testing. Complete projects on time and within the specified time.

EDUCATION

2021 – 2023
SMA Santo Petrus Sidikalang

2023 – 2027
Politeknik Negeri Medan
D4 Software Engineering Techniques
